

HARRISON COUNTY SCHOOL DISTRICT
CHALKABLE- INFORMATION NOW REGISTRATION

Information:

INOW Home Portal web site allows parents and legal guardian online access to their children's attendance, schedules, and other information stored in the INOW student management software. By filling out and signing the form below, you are agreeing to the following guidelines:

1. Each online user is responsible for their individual login information and should take all reasonable precautions to prevent others from being able to use their account. This includes, but not limited to, regularly changing the account password and not sharing the password with others. Users shall notify their school principal immediately if a possible security problem is identified.
2. The principal will set reasonable guidelines for timely entry of grades, teacher notes, and attendance.

Instructions:

1. Fill out this form, sign it and send it to only one of the schools which the children attend. Submit only one form per adult for all children.
2. One adult fills out one form no matter how many children are in the family. If there is a second parent or legal guardian in the family who wishes to have a separate username and password to view student information, that second adult will need to fill out a form and sign as well.
3. After receiving a signed form, a username and temporary password will be generated that will allow you access to your children's information. Your username and temporary password will be entered below and delivered back to you by your child.
4. When you log into the system, you will be able to access information for any of your children enrolled in the Harrison County School District (not just the child delivering this form).

Parent or Legal Guardian Information (ONE ADULT PER FORM):

First Name: Last Name:

Home Address:

Apt.#: City: State: Zip:

Primary Phone (Home or Cell):
